Recycling, General Waste & Household Hazardous Waste (HHW)

Skip Bins

The skip bin service is an on-demand service. Residents can select from either a general waste bin (blue) or green waste bin (green). Households are entitled to any combination of three skip bins per financial year (excludes commercial & industrial premises). Both the general & green waste skip bins are 3 cubic metres.

Households that meet the following criteria are entitled to additional green waste bin(s) only, to assist with bush fire management.

- » One additional green waste bin is available for properties 2000m² – 5000m²
- » Two additional green waste bins are available for properties over 5000m²

Please remember

- » Skips bins are placed to the left of the driveway
- » Bins must remain where they are placed
- » Keep the area clear so the Cleanaway driver can easily remove the bin
- » Bins may be delivered full but will be emptied by 6pm at the latest the same day
- » If a bin needs to be emptied by the City of Kalamunda due to misuse, the resident will be responsible for all costs incurred

Green waste collected from the Green Waste skip bins is mulched & re-used, reducing the amount of waste sent to landfill. Please keep green waste free of contamination.
